BERN, Jan. 31.-A Vienna despatch asserts not one of the Russian Governments will accept the Princes' Islands invitation.

PARIS, Jan. 31 .- The Ukrainian Government will refuse to take part in the conference on the Princes' Islands, according to an interview given the Petit Journal by M. Sedorenko, Minister of Internal Communications in the new Ukrainian Government.

M. Sedorenko has begun parleys with the French Government to obtain the admission of the Ukraine to the Peace Conference. The only claim which his country will put forward will be for recognition. If this is granted, according to the interview, the Ukraine will propose an alliance with France on the basis of the former alliance with Russia and will take over part of the Russian debt, France taking payment in part in wheat.

The Peace Conference so far has had two replies to its invitation to the various Russian Governments for a conference at the Princes' Islands. In one of these the Government of North Russia formally refuses to meet with the Bolsheviki. The Omsk Government under Admiral Kolchak, while less categoric in its reply, expresses strong
